

Mubasher Financial Services Rings in the New Year with Trade Rebates

New Rebates Offer As Much as 20 Percent Savings per Month

Bahrain, 27 December 2015: Mubasher Financial Services, one of the region's leading financial institutions in the Middle East, will offer rebates on all trades via its website, mobile application or SMS service from the start of the New Year.

Available from January 1 through March 31, 2016, the rebates build on the firm's integrated approach to reaching out to and rewarding both new and established customers.

Commenting on the new rates, Zaid Aloul, general manager of Mubasher Financial Services in Bahrain, said, "Investors continue to build their investment portfolios and actively seek buying opportunities across global markets, especially during periods of market volatility. Our rebate initiative is aimed at helping our clients strike a better balance between yield and risk."

Mubasher investors who avail of the offer can save as much as 20 percent on all trades during the first three months of 2016. Rebates will range from 5 to 20 percent based on different levels of turnover.

Aloul continued, "Our reputation as the 'go to' broker of choice is driven as much by our insight into the market needs of our investors as it is by our award winning trading platforms and customer-centric services. This rebate initiative supports our ongoing commitment to our clients as we continue to provide a market-leading trading solution through which clients can invest in domestic, regional, frontier and emerging markets."

For more information on the promotion, investors can visit uae.mubashertrade.com or call 800567000.
